## **Chairman Reyes statement on FISA**

**Washington, DC** - *Congressman Silvestre Reyes (D-TX), Chairman of the House Permanent Select Committee on Intelligence, released the following statement regarding the on-going negotiations on Foreign Intelligence Surveillance Act (FISA) reform in response to comments made by Congressional Republicans today:*

“As we continue to make good progress on FISA, the men and women of the U.S. intelligence community have the tools they need to keep our nation safe. I am committed to a final bill that will continue to give our intelligence agencies all the tools necessary to protect our country against terrorists, spies, and proliferators of weapons of mass destruction, while respecting the constitutional rights of Americans and providing strong oversight of our intelligence operations.”
