The Honorable Devin Nunes
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Adam Schiff
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Nunes and Ranking Member Schiff,

I am writing to congratulate you for your leadership on the issue of cyber threat information sharing, and to support HR 1560, the Protecting Cyber Networks Act.

Your bill would remove key legal obstacles to effective bi-directional cybersecurity information sharing between the government and industry. In particular, Oracle has long called for timely sharing by federal agencies with the private sector of actionable information about the most advanced cyber threats, which your bill promotes.

Additionally, it would address key liability concerns that are known to inhibit information sharing by companies in certain circumstances. We also appreciate that it preserves the voluntary nature of information sharing, as you have recognized that any rigid mandate would undermine the trust that is the foundation of successful public-private cybersecurity collaboration.

Finally, we commend you for including in the bill a host of effective safeguards of privacy, which is always an important concern of ours and an essential commitment that we make to our customers.

Thank you for leadership on this and other important issues. My colleagues and I look forward to continuing to work with you.

Sincerely yours,

Mary Ann Davidson
Chief Security Officer
