**RE: H.R. 624 - Cyber Intelligence Sharing and Protection Act**

Dear Chairman Rogers and Ranking Member Ruppertsberger,

I would like to take this opportunity to voice my company's full support for H.R. 624. The Cyber Intelligence Sharing and Protection Act is absolutely vital to our Nation's Security. Enacting this bill will provide U.S. organizations and agencies with a unified front line of defense against cyber enemies both foreign and domestic. H.R. 624 is not intrusive, allows corporations to share intrusion attempt data with the government on a voluntary basis, and restricts the government on how it can use the data that was voluntarily provided. It's an elegant solution to what is a major hole in our nation's defense. Well done!

I want to personally thank you and your staff for all of the hard work you do on a daily basis to protect this country and the civil liberties of its citizens. Your efforts are greatly appreciated. Please feel free to contact me if there is anything I can do to support your efforts.

Warm Regards,
