RUSSIA INVESTIGATION**

## **Russia Investigation Parameters**

According to a bipartisan agreement publicly announced in March 2017, the Russia investigation conducted by the House Permanent Select Committee on Intelligence sought to answer the following four questions:

- What Russian cyber activity and other active measures were directed against the United States and its allies?
- Did the Russian active measures include links between Russia and individuals associated with political campaigns or any other U.S. Persons?
- What was the U.S. Government's response to these Russian active measures and what do we need to do to protect ourselves and our allies in the future?
- What possible leaks of classified information took place related to the Intelligence Community Assessment of these matters?
