May 10, 2019

President-Elect Volodymyr Oleksandrovych Zelensky
c/o Ministry of Internal Affairs of Ukraine
10 Bogomoltsa str. 01601
Kyiv, Ukraine

Dear President-Elect Zelensky:

I am private counsel to President Donald J. Trump. Just to be precise, I represent him as a private citizen, not as President of the United States. This is quite common under American law because the duties and privileges of a President and a private citizen are not the same. Separate representation is usual process.

Congratulations on a truly impressive victory in the recent election. I have a great fondness for your country and have visited there often. I have even had the privilege of being there most recently on 2017. Along with many others, I am very hopeful that your election is a real turning point and allows the Ukraine to prosper and overcome some of the long-standing problems of the past. Anything I can do to help you or your country would be a great honor.

However, I have a more specific request. In my capacity as personal counsel to President Trump and with his knowledge and consent, I request a meeting with you on this upcoming Monday, May 13th or Tuesday, May 14th. I will need no more than a half-hour of your time and I will be accompanied by my colleague Victoria Toensing, a distinguished American attorney who is very familiar with this matter.

Please have your office let me know what time or times are convenient for you, and Victoria and I will be there.

Sincerely,

[Signature]

I am going to say I have been informed the people advising the PRES ELECT are no friends of the President. At least one was involved in delivering fraudulent evidence falsely accusing the campaign and made horrible statements about his desire to defeat him. Hopefully Pres elect will realize that the operatives around him don't have his best interests at heart.

I am advised that the PRES ELECT is in the hands of people who are exowed enemies of the President. I concluded that the President elect is being advised by people who were very vocal opponents of President Trump and peculiarly vocal supporters of Hillary Clinton, in particular Sergii Leschenko. He has already been found to have acted improperly with regard to our 2016 election. Under these circumstances the meeting would have accomplished little and may be in the hands of those who might misrepresent it. My purpose was to share information to assist their on-going investigation of Ukrainian officials being used by Americans to gather information to assist Clinton in last election. It was also to alert them to the very real dangers that their are people involved in the investigation as targets who are attempting to shut it down before it reaches a conclusion. This investigation has the potential to reveal some of the people who originated and/or propagated the false claim of collusion which has been found to be false now by 2, not 1, FBI investigations. This false charge didn't emerge from thin air. If it didn't originate in Ukraine, there is evidence it was pursued there and pursued using illicit means.

John,

I have discussed the issue of representation with the President. The President consents to allowing your representation of Mr. Parnas and Mr. Furman.
